Mineral Output. The preliminary figures in reference o the precious metal output of the territory for the year just closed are \$1,000,-000 gold and \$300,000 silver. This is a small increase in the gold over any previous year but a remarkable decrease in the silver output. We may take comfort, however, in the fact that other states and territories whose preliminary estimates have been telegraphed to the bureau of the mint in the past two or and the secretary will there make his three days, show an even greater falling headquarters. The New Mexico World's off in the aggregate output of the two fair commissioners have turned over to metals Walter C. Hadley, who gathered ures to Washington to-day.

About a year ago I took a violent attack of la grippe. I coughed day and night for about six weeks; my wife then suggested that I try Chamberlain's Cough Remedy. At first I could see no difference, but still kept taking it, and soon found that it was what I needed. If I got no relief from one dose I took another, and it was only a few days until I was free from the cough I think people in greneral ought to know the value of this remedy, and I take pleasure in acknowling was thoroughly enjoyed listening to good music from Prof. Manzo and daughter, and dancing.
